

Welcome to ROTARY BOWL 2025

Congratulations, you've been gifted a square!

The SuperBowl just became even MORE fun.
Each square you've been gifted gives you an even better chance of winning cash prizes and non-cash prizes.

How It's Played

Your name has been added to one of the squares on a grid as shown below in the example.

Then, on the morning of the SuperBowl, check the website

RotaryBowl.com.

We will have randomly assign numbers 0-9 across the top and down the side of the grid.
Prizes are awarded at the end of each quarter based on the last number of team scores.

For example, if the quarter ends with Team B having 17 points and Team A having 13 points, Tom wins \$100.

But the game doesn't end for Tom. He's still eligible to win the next 3 quarters as well.
